Marshall, Michigan.

Dear Brother Edson,---

A few hours ago I arrived home after six days' absence. Last Thursday I received a telegram asking me to be present at a Loma Linda board meeting Sunday, May 24. I left home Friday noon, spent Sabbath in Fresno, then went on to Loma Linda, where we had a busy day Sunday in board meetings. Also Monday forenoon was occupied with board meetings.

I find Wilfred and Mabel just about as when you saw them. The medical school is doing well. The Los Angeles work in the hands of the medical students is growing. Elder Daniells spoke Monday evening to the medical students. I telephoned to cousin Mary, and she and Mrs. Watson came to the meeting.

Returning home to-day I find your letter of May 22 accompanied by a copy of your letter to Elder Wilcox. I am glad that you have written him so fully and so kindly. The cautious considerate tone of your letter will commend itself to him I am sure.

I rejoice to hear that you are giving prompt attention to the matter of looking up "Coming King" sketches. I intend to visit Pacific Press next Tuesday, and I shall hope to find that some have already been received. Please push this work without delay.

I find Mother feeling a little better than when you were here. At home Arthur is nearly through with the whooping-cough, but the baby is right in the midst of it.

Henry and Herbert have secured the pamphlet job from the Sanitarium regarding which you helped them estimate. To-day Herbert is out with a party, and will earn somewhere between six and ten dollars.

Elder and Mrs. Daniells will spend Sunday with us; Monday at the College; Tuesday in Oakland and Mountain View; and Wednesday they will sail for Australia.

Hoping that you are getting rested, and that Emma is feeling better as the warm weather, comes on, I am

Very truly yours,

W. E. White
