Another prophet

Dear Arthur:

This is to acknowledge your letter of April 16, 1943, and to say you may freely use any statement in my letter to you, in which I spoke of hearing Sister White in the Battle Creek Tabernacle tell the congregation that she had no light from the Lord as to whether He would raise up another prophet in her place should she be laid away in the sleep of death before the close of probation. She also declared at that time that in the Word of God, with the light the Lord had given her in her messages revealing the truths of that Word, the people have all the light they need to take them through on their journey to the kingdom of God. This is my recollection of the message as she presented it before us that day in the Battle Creek Tabernacle.

Praying that the Lord may ever uphold you and give you divine guidance in the important work that He has placed in your hands, Mrs. Richards and I join in wishing you and your dear companion every heavenly blessing to the end of the journey.

Very sincerely your brother
in the work,

Wm J Richards
